## EXPERIENCE

### QUADIENT DEVELOPER

**Joisto Quertum PL Sp. z o. o. Warszawa | 02.2024 - Present**

- Achieved Quertum certifications in the automation of document development and business processes and continually pursuing new certifications.
- Utilized expertise in scripting, various file formats, and data management.
- Regularly used Postman for testing and QA-related tasks, along with other applications.

### FRONT-END DEVELOPER

**Joisto Quertum PL Sp. z o. o. Warszawa | 05.2023 - 01.2024**

- Took charge in building a React component library using Storybook, now an integral aspect of the upcoming Joisto version 3.0.
- Developed the frontend of a recently launched Preview Portal app.
- Enhanced sections of the application and implemented more efficient solutions in regards to code and design.
- Expanded my knowledge on coding best practices, accessibility standards (WCAG), and design principles.
- Utilized Figma to develop and propose innovative UI designs.

### AUTOMATION SOFTWARE ENGINEER

**Automation Industry (Seco/Warwick, Radex) | 2020 - 2023**

- Constructed software and intuitive user interfaces (SCADA) to optimize entire processes.

### EDUCATION

**Bachelor's Degree in Automation and Robotics 2017 - 2021**

Zachodniopomorski Uniwersytet Technologiczny
